

MP GRP

Multi-Purpose

glass-resin reinforced polyester

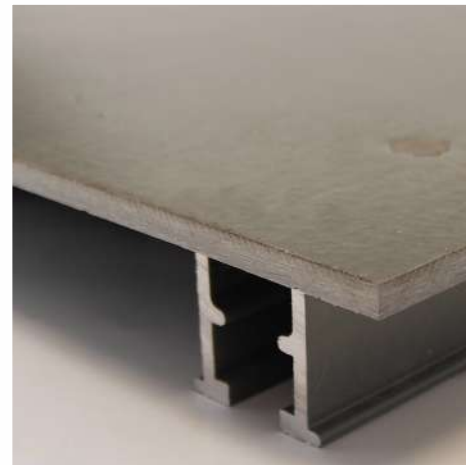

overview

With prices of both Aluminium and Steel soaring, Morelock Signs are now offering a viable alternative for permanent traffic signs -

Multi-Purpose GRP (MP GRP).

GRP is widely known for its use in temporary traffic signs, and now Morelock Signs have developed a new GRP product as a suitable replacement for Aluminium & Steel permanent signs.

features

- **No scrap value** - deters theft
- **Cheaper than Aluminium & Steel**
 - As Aluminium prices continually increase, **MP GRP** will save you more and more...
- **Price stability**
 - Less price fluctuations than metals.
- **Lighter than Aluminium & Steel**
 - Easier to transport & install.
- **Graffiti resistant**
 - Easier removal of graffiti from rear of sign.

supplied as...

Finished Sign - Complete sign with facing and channel to your requirements. This will carry a full 12 year sign warranty.

Channelled blanks - Available in standard or bespoke sizes and traffic sign shapes. Henrob's patented riveting process is used to fix the channel to the sign. Blanks carry a 12 year construction warranty.

Raw sheet - Available in set sheet sizes or cut shapes.

compliance

Endorsed by 3M: "In testing conducted to date, MP GRP substrate has proven to be compatible with **3M** Reflective Sheeting. Application of these sheetings onto MP GRP is recommended by **3M**."

MP GRP carries BS EN 12899-1: 2001 certification.
