

traffic & parking signs

traffic & parking signs

● High-Intensity Reflective traffic signs

- A selection of standard & non-standard signs ideal for high risk areas on private roads, industrial estates and car parks
- Highest quality prismatic 3M™ sign facing
- Wall or post-fixed with clamps

NOTE: These signs are not permitted to be installed on public roads - strict regulations govern the placement and size of traffic signs. If you intend to place any of these signs on the highway please contact Morelock Signs Ltd for advice. Rectangular signs are drawn to standard plate sizes and do not conform to DfT regulations.
